

Abstract Deadline: October 12, 2019

### **MPUR 2020 - Presenter Guidelines & Review Process**

Thank you for your interest to be a Speaker at the 22nd Annual Multiphase Pump End-User Roundtable (MPUR) event in Houston, TX!

**This year's theme: Multiphase Pumping Solutions - Collaborating to develop new emerging technology and sharing innovative ideas has advanced multiphase solutions. Partnerships and collaboration are key to unlocking value in the oil and gas industry.**

**First things first, please submit your 200-300 word abstract by October 15th, 2019 to be reviewed by the 2019-2020 advisory board members.**

\*Abstract format is a 200-300 word description of your technical findings and key points from your presentation with photos are required. Please include the end-user Presenter name and co-author's name. Provide contact information for when or if we have follow up questions your point of contact will be notified. We will request you to join a conference call during an advisory board meeting. We will give you 5 minutes to answer questions from the AB. Once a decision is made on the abstract you will be notified asap.

End-User presentations gives you confidence in today's environment as there is less technical experts in decision making roles. Less multiphase pumping projects are pushing out the pipeline due to this lag in knowledge. MPUR's case-histories, solution providers, and operators revolutionized the oil and gas industry 20 plus years ago by using multiphase pumping onshore and offshore with hybrids of multiphase solutions. Be part of the new generation of the Energy Think Tank, join us on this journey to share advanced technology in a collaborative environment.

Our Distinguished Advisory Board has created a set of guidelines for the sessions in which you will be presenting. We have three main goals for each session:

1. Focus on discussion, not presentations!
2. Encourage interaction
3. Minimize commercialism

#### **Presentation Guidelines**

Please use the attached **MPUR MS PowerPoint Template** for your presentation. All presentations must be submitted in this template.

Presentation Length: Typically, between 10 to 15 slides. No longer than 18 slides.

\* FINAL - All final presentations must be emailed to Nicole Mireles, [Nicole@petroleumetc.com](mailto:Nicole@petroleumetc.com) by **January 17, 2020**.

*\* Please ensure your presentation has been reviewed and approved within your organization; and by any cooperating authors from the operator companies (if applicable) before the final deadline.*

***Failure to submit all required materials with necessary approvals may affect the possibility to give your presentation.***

**If Selected You will be featured as a Presenter in the MPUR Show Guide.**

Kindly submit a brief 100-word biography and a professional headshot (A high-resolution, 300 DPI .JPEG, .GIF or .PNG file) to Nicole Mireles, Nicole@petroleumetc.com no later than **January 30<sup>th</sup>, 2020.**

Your timely submission of the above will ensure that we have enough time to meet the printing deadlines for our Show Guide.

We appreciate your support and participation in this event and look forward to celebrating our 22nd Anniversary with you on May 7th, 2020

Sincerely,

Amanda Scott  
President of Petroleum ETC
